*a love letter to life around the table*

## Week 4 - Part 4

"what money can't buy - swimsuit ready or not"

### BEGIN BY...

SHARING SOMETHING THAT HAS BEEN LIFE-GIVING TO YOU THIS WEEK AND SOMETHING THAT HAS BEEN LIFE-DRAINING TO YOU THIS WEEK.

### THEN

In one word, share how you are coming to the group this week.

### DISCUSS

In 'what money can't buy', the author shares a passion she has for the care center at her church and how the "Cooking Club" worked to support the care center through their gifts (and even their frustrations!) What is an issue or organization that you are particularly passionate about? What stands in the way of you helping that cause (or what motivated you to get involved?)

On page 209-210, the author says, "It's so easy to think that because you can't do something extraordinary, you can't do anything at all. It's easy to decide that if you can't overhaul your entire life in one fell swoop, then you might as well just do nothing...that's all we can do: start where we are with what we have." Have you ever felt paralyzed by the inability to change everything, that it prevented you from changing anything?

Did you know? In "last minute lunch party" the friend they are speaking of is Shane Claiborne, a popular Christian author, speaker, and founder of the Simple Way community - go a head and google him!

Be sure to set your next gathering time/location and let pastor ali know the details!
